

September 7, 2021

Welcome to Mrs. Rogers' Math Class!

I am writing to introduce myself and let you know a few things about our math class. This is my eleventh school year teaching at the Ahern Middle School, and I am excited to be working with your child this year. I look forward to building a positive relationship with your child with your help and input.

My website can be accessed through the Ahern Classroom Pages (my page is at the bottom of the Classroom Pages **main page**) or through Clever our one stop sign-in APP found on the Foxborough Public Schools Homepage.

I will be showing your child all the resources that are available for them to utilize in class and outside of class.

Attached you will find a survey that I am asking you to complete. In addition, I have attached a sheet titled "In a Million Words or Less, Please Tell Me About Your Child". This information will help me get to know your child from your perspective and update me on any new developments that you feel are relevant to your child's learning. Any information you feel is important for me to know can be included such as strengths, weaknesses, disposition, likes, dislikes, friends, relationships etc. You know your child the best and I feel this is a great way to get to know your child so my focus in the classroom can be most effective.

This information can be sent back to me in paper form (attached) or if you prefer, I have put them on my website for you to submit the information back electronically. They can be found on the Home Page of my website. Please submit the survey and the "In a Million Words or Less" by Friday, September 10th.

I look forward to meeting you at the Ahern Open House for 5<sup>th</sup> and 6<sup>th</sup> Grades on Thursday, September 23 at 6:30.

If you have any questions or concerns, please do not hesitate to contact me anytime at [rogersj@foxborough.k12.ma.us](mailto:rogersj@foxborough.k12.ma.us). Email is the best way to contact me. If you would like to contact me by phone, please email first so we can arrange a mutual time for our discussion.

Sincerely,

Joanne Rogers  
Math Teacher  
Ahern Middle School
